Bambino 3 has an adjustable rear axle. To find a balance that suits you the rear axle can be adjusted into different positions. Note desired measure at "Settings". Bambino 3 has a seat height of 41cm in the front and 39cm at the rear, without cushion. To adjust the seat height you can choose other rear wheel sizes or a raising kit with suitable castor fork from the list of options.
Max userweight: **60 kg for seat width 24cm-33cm**

Save the guide to the "desktop" and open it with [Adobe Reader](#) for best function.
Design your wheelchair by clicking in the circles in this guide.
Blue underlined text is clickable to show info or image.
BB = seat width, HH= backrest height
